

RFQ for supply of Indian Coal (Grade in the range of 10-12)

We invite you to submit your competitive offer for our requirement of 2,25,000 MT +/- 10% of Domestic Coal/Indian Coal (Grade in the range of 10-12) on GST basis with below terms & conditions.

The coal is intended for use in our 2 x 600 MW thermal power plant situated in Tuticorin, Tamil Nadu for supply of power to Tangedco. The coal is intended for supplying power against short term tender by Tangedco which has a penalty of Rs 2.5 crore per day if we default in supply of power.

1. **Quantity:** 2,25,000 MT +/- 10% MT
2. **Vessel:** Vessel with draft restriction of 14 metres. Panamax vessels will be given preference. In case of gearless vessel, additional cost incurred for discharge is to be borne by the Supplier.
3. **Stevedore:** Mutually agreeable Stevedore to be appointed & paid by you directly. Min discharge rate of > 12,000 MT PWWD SHINC.
4. **Port:** Tuticorin Port, ECI.
5. **ETA:**
First cargo of 75000MT+/10% should arrive TTN port from 15th Feb`23 and thereafter one each monthly basis.

Cargo should arrive TTN port not later than 5 days from committed ETA. In case of any delay, LD @ 0.1% of coal value per day will be levied and also the loss due to risk purchase whichever is higher.

6. **Payment:**
100% will be made within 90 days from the completion of despatch to plant. In case of any LD deductions as mentioned above, the payment will be made after deducting the same and the DO is to be released after accepting and adjusting the deductions. The coal from our concluded vessel / quantity cannot be sold to any third party for a period of at least 90 days without our prior written consent of the Buyer.
7. **Delivery:** 100% DO shall be released and dispatch should start immediately upon clearance from Buyer.
8. **Despatch Rate:** Seller should maintain the Min despatch rate of 300 trucks per day to the plant or else suitable LD will be levied.

9. **Specification:**

Our preferred coal will be from MCL coal (Grade in the range of 10-12). Our typical coal specification is as follows:

Parameters	Range
Grade of coal	G10-G12
Total Moisture, % AR	9 – 16
Inherent Moisture, % AD	3 – 4
Ash, % AR	28-39
Volatile Matter, % AR	21-28
Fixed Carbon, % AR	By Diff.,
GCV., ARB Kcal/ Kg	3700-4100
Total Sulphur, % AR	0.1-0.45
HGI	45-60
Size of Coal, mm	100-200

10. Penalty for Quality and quantity: The quality will be final loaded on the trucks at Tuticorin port. Mutually agreed IIA will be appointed for this purpose.

The payment on account of quality variation will be adjusted on pro-rata basis. If the quality variation is more than 200 Kcal than then the contracted value, cargo is liable to be rejected.

Quantity variation of upto 0.2% is allowed. The quantity at plant weighbridge will be final.

Request you to submit your offers latest by 1700 hours IST on 15th Jan'23 with validity until 1700 hours IST on 19th Jan'23.

Looking forward to your competitive offer at the earliest.
